

SAFETY OVERSIGHT INSPECTORS (AIRWORTHINESS)

- ▶ **DURATION:** 10 Days.
- ▶ **LANGUAGE:** English.

- ▶ **TARGET POPULATION**
This course is beneficial to personnel responsible for the safety oversight of aircraft operations and maintenance such as airworthiness inspectors, safety managers and auditors from civil aviation administrations.

- ▶ **INTRODUCTION**
This course provides you with an understanding of the fundamental principles underlying the safety oversight measures relating to airworthiness engineering and maintenance required of a State's aviation regulatory body and their importance.

- ▶ **COURSE OBJECTIVE**
Upon completion of this course, you will be able to:
 - Understand the role and responsibilities of an airworthiness inspector;
 - Understand the ICAO Standards and Recommended Practices and other national civil aviation regulations on safety oversight relating to airworthiness;
 - Review and update your organization's safety oversight mechanisms relating to airworthiness.

- ▶ **PRE-REQUISITES**
Proficiency in English language.
